EXPERIMENT FARM

Shall Mason County Have One?—Movement Started.

Mr. A. M. Casey, County Demonstrator, is canvassing the county to determine the sentiment of the people as to the advisability of purchasing a county experiment farm of twenty acres.

Mr. Casey thinks it would be a benefit to the farmers, as it would demonstrate to them the modern treatment of the soil and the proper use of fertilizer; also it would increase the value of the property and volume of the products, thereby causing more revenue and with increased revenue, better roads, better schools and a better community at large. Think about it.

MAIL CARRIER'S NARROW ESCAPE.

Yesterday afternoon, Mr. Paul Glascock, Rural Carrier No. 2, while trying to make up for lost time, caused by the new schedule, ran his machine in the North Fork, near Murphysville. Mr. Glascock was uninjured, but his machine was covered with water and the mail was damaged considerably. Mr. Glascock escaping with a good drenching.

The cause of the accident was that the condition of the roads will not allow one to make the fast time necessary to make the new schedule satisfactory to the patrons of the routes.

MRS. STELLA HAMILTON BOYD

Again In the Limelight—Case Heard Before Judge Cochran Yesterday.

In the petition of Stella Hamilton Boyd vs. the Equitable Trust Company, of Dover, Ky., and which was heard yesterday before Federal Judge A. M. J. Cochran, the court ordered the plaintiffs to file an amended petition, showing the jurisdiction of the Federal Court, and eliminating the libelous statements therein regarding certain of the defendants, which had no bearing or connection with the case. In ordering this amended petition, the Judge severely rebuked the plaintiffs for having come into court with such a paper that maligned and impugned citizens of this state without giving them the slightest chance to defend themselves.

The petition was brought for the purpose of relieving the Equitable Trust Company as guardian of Mrs. Stella Hamilton Boyd, and besides the trust company named J. E. Robertson, former guardian, Judge W. H. Rice, Hon. A. D. Cole, Gabe Hamilton and Bessie Hamilton, administrators of Staunton Hamilton, deceased, as defendants.

The petition further recited that defendants were citizens of Kentucky, but did not show the plaintiff to be a citizen of Ohio. Owing to this defect and several allegations in the petition, which had no bearing on the case at bar, the court rendered its decision as above stated. Just what action will now be taken by Mrs. Hamilton's attorneys is not now known.

The case presents a very pretty legal question if the attorneys decide to push the matter. Mrs. Boyd is under age, and resides in Ohio, while her husband is a legal citizen of Kentucky. The question arises as to whether Mrs. Boyd, who is an infant married woman (under the law) is a legal citizen of Ohio, in view of these facts. By bringing the question into the case the court would have to determine whether it had jurisdiction, as the Federal Court can only try cases where diversity of citizenship exists, or more than \$3,000 is involved.

This is one of the serious questions that presents itself before the Federal Court, can take definite action.

Attorneys representing Mrs. Boyd were W. H. Valentine, George W. Welch and Louis B. Sawyer, all of Cincinnati, while A. D. Cole represented the trust company and George B. Kinney, of Brooksville, Gabe Hamilton, of Augusta.

A CRITICAL REVIEW OF MISS HAMANT'S DRAMATIC WORK.

(Cincinnati Times-Star.)
The program of the day was given by Miss Sophie Hamant. Miss Hamant's first dance, or, rather dramatic interpretation, told the story of the transformation of Hecate. The artist was dressed in a clinging silken robe of white, made along the lines of the old Grecian dancing dresses, and wound about her arms and shoulders were ropes of the purple blossoms and smilax. The number was beautifully done. Miss Hamant looked most fairy-like with the graceful garlands against the green hung stage.

The "Invocation to Ra," from the "Book of the Dead," proved her versatility in every movement; despair was shown, then hope renewed; and finally the utter hopelessness of appeal. Miss Hamant was robed in the softest cream-yellow draperies, with a border of heavy purple, and used cymbals. In the third and last number, the Chaminade Searf Dance, six small girls aided. They were bare-footed and pattered through the dance in a very childish and attractive fashion. Miss Hamant wore a white silk robe and carried a long white veiling scarf. She is possessed of a lithe, slender figure, decidedly advantageous under the circumstances and dances with spirit as well as grace. Mayville people will see Miss Hamant's artistic ability portrayed at the Washington Opera House, April 20.

THE GOVERNOR'S GREATEST ACT.

Governor McCreary was the pioneer Governor in issuing a proclamation for Sunday School Day last year. When he learned how much good the day had done he declared that it was the proudest act of his career. Nothing the Governor ever did was more worthy of him or accomplished more direct good. No wonder that it gives him great satisfaction.

Nobody that ever helped in Sunday school work was ever ashamed of it afterwards, and this should commend it to every man, woman and child in the old commonwealth.

Come next Sunday, and help a great work and do yourself good.

Thursday afternoon at 2 o'clock, Miss Mary Cox Whitaker and Mr. Tolbert Greer Hibbler, of Pascagoula, Miss., were quietly wedded at the home of the bride's parents, Judge and Mrs. John L. Whitaker, on East Third street.

Miss Ria Ross played Mendelssohn's Wedding March as the happy couple took their places under a canopy, while Rev. James H. Fielding, rector of the Church of the Nativity, performed the beautiful Episcopal wedding service.

The bride was gowned in a sand-colored traveling suit with blue trimmings and hat to match.

The groom wore the conventional black.

The bridesmaid, Miss Elizabeth D. Keith, of the county, was gowned in a sand-colored suit, with hat and gloves to match. The best man, Mr. John R. Watts, also of Pascagoula, wore black.

THAT DIXIE-BOONE HIGHWAY.

Mason county ought to have the Dixie-Boone Highway. Let it not be said that grand old Mason county is "asleep no the job," but let her enterprising citizens get to work and go after the Dixie-Boone Highway. The early history of this county is the history of Daniel Boone and Simon Kenton, and there are many points of historical interest which are associated with their name in this county. A highway without Mason county in it would not be a Boone Highway.

In consideration of the work of this great pioneer and scout, Mason county should so honor him by building a befitting monument to his achievements. This could easily be done, if only our people would act, and act with decision, promptness and energy. We do not want this highway to be erected on some other route, but we want it to pass right by our doors. Then, let us go after it. In order to find out just the true sentiment on this question, why not have County Judge Rice call a meeting of our citizens at the court house at an early date, where a full and free discussion of this matter can be had? Appoint committees to go after the locators of this proposed highway and put forth the merits of our claims why this highway should run through Mason county. We have one of the best turnpikes running from here to

Lexington. ALONGSIDE THE OLD BOONE TRAIL, in the state, and with but little expense these pikes could be made the finest along the entire route, besides it would be HISTORICAL in that it followed the TRUE DANIEL BOONE TRAIL. Sign posts could point out where Daniel Boone stood and fought his battle with the Indians, and thus make the road doubly interesting.

There is another reason why Mason county should be included on this route of the Dixie-Boone Highway: It was here that Simon Kenton lived and Daniel Boone spent many of his days in this county. Records in the County Clerk's office show where he was interested in many business transactions that were matter of court record. For these reasons we should feel enough pride and interest in our forefathers to help build this monument. Get to work and act at once.

HERE AND ELSEWHERE.

Size is no indication of merit. The Fiscal Court of Jefferson county refused to appropriate the necessary funds to aid the government in employing a canning club demonstrator. The Fiscal Court of McCracken county did. Sometimes the big fellows get the notion they're bound to be best because they are biggest. When the "show-down" comes, they are usually wrong. Men are gauged only by what they do, not by what they are in a position to do. The latter only counts against them, if they fail to progress.—Paducah Sun.

The Last Resort.

"Well, we have exhausted reason, logic, common sense, and justice. What more can we do?"
"I guess we'll simply have to go to law."—Life.

Leader—This is the second annual Go-to-Sunday-School Day appointed by the Kentucky Sunday School Association for the purpose of bringing thousands of visitors to our Sunday Schools, and of giving public recognition of the splendid work these schools are doing for our state. Last year there were about three hundred thousand visitors in the Sunday Schools on Go-to-Sunday-School Day; and since that time the schools have reported an increase of fifty thousand in enrollment.

School—How many Sunday Schools are there in Kentucky?

Leader—There are three thousand nine hundred and sixty-four Protestant Sunday Schools among the white people of Kentucky.

School—Last year we were told that the Kentucky Sunday School Association was encouraging and stimulating the work of all the Sunday Schools in our state. What special things is this Association trying to accomplish this year?

Leader—The first point of the "1915 Goal" is five hundred thousand enrolled in the Sunday School. This means an increase of about eighty-two thousand.

School—How many new members should our school have during this year?

Pastor—We ought to have an increase of at least twenty-five per cent; which would make our total enrollment . . .

Leader—The next point in the goal is fifty thousand signers of the temperance pledge.

School—Why should we sign the temperance pledge?

Pastor—The opening words of the International Temperance Pledge give the best reason for signing it. "That I may give my best service to God and to my fellowmen." Let that be our motive in all our temperance work.

Leader—There are twelve hundred and twenty-two organized adult Bible classes enrolled in the state Sunday School office. The goal for this department this year is fifteen hundred classes.

School—Why should our organized classes enroll?

Pastor—Jesus said: "Let your light so shine before men that they may see your good works and glorify your Father which is in heaven." To enroll our organized classes is obeying the spirit of this command.

Leader—Our boys and girls are wanted too in this and there is a call for seven hundred and fifty organized teen age classes.

School—Why should classes of teen aged boys and girls be organized?

Pastor—Every class of teen aged boys and girls should accomplish two things:—with the members of the class to personal service to the Lord and to the world; and provide the opportunity for expression of the Christian life in service to the Lord and the world.

Leader—These two things these two things class organization is necessary.

School—There are six hundred departments of the Sunday School for the people in the home who can not attend our regular Sunday school service. We want six hundred home departments and one thousand cradle rolls in Kentucky.

School—Would these departments strengthen our Sunday School?

Pastor—The report of pastors and superintendents in many places is that these departments cause an increase in church and Sunday School enrollment, more active service of church members, and larger offerings for the work of the Kingdom. They are doing a great work in establishing family altars and promoting systematic Bible study.

Leader—"The supreme lack in the present-day Sunday School is the lack of a sufficient number of thoroughly equipped teachers." The way to get good teachers is to train them, hence each Sunday School should have its training class. We want to have five hundred in Kentucky during 1915.

School—How could our Sunday School have training class?

Leader—Our county and the Kentucky Sunday School Association will be glad to help us in this and any other department of Sunday School work. Information can be obtained by writing to the Sunday School office, 712 Louisville Trust Building, Louisville, Ky.

Pastor—There are many other things that this state association is doing, but back of it all and through it all runs the one supreme purpose of winning the world to our Lord, Jesus Christ. Always and everywhere it is the business of the Sunday School worker to lead unto God, and to be able to keep you from falling, and to present you faultless before the presence of his glory with exceeding joy, to the glory of our Father.

MAY PROVE FATAL

When Will Maysville People Learn the Importance of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.
This is the statement of a Maysville citizen.

Mrs. Della Lunsford, 323 E. Front St., Maysville, Ky., says: "I attributed kidney trouble to a strain. I had sharp, shooting pains through my kidneys and a dragging down feeling in my hips. I had dull headaches and dizzy spells and often if I had not caught hold of something for support, I would have fallen. I was in that condition for several years, up one week and in bed the next. I finally began to notice symptoms of dropsy. My feet began to swell and my hands were at times the same way. Doan's Kidney Pills, procured at J. J. Wood & Son's Drug Store, permanently cured me."

Beautiful Home For Sale

Mr. and Mrs. Robert Dawson have placed with us for sale their new home on East Second street, in the Sixth Ward. This home is located on a large lot, 72x150 feet, and running back to Williams street. We will not make any attempt to describe this home in detail. It is built of pressed brick, with hardwood floors, basement under the entire house, slate roofing, hot water, furnace, gas all over the house, and in fact, is modern and complete throughout, and must be seen to be fully appreciated. This beautiful home has been admired by all who have seen it, and every Maysvillian is justly proud of such enterprising citizens, as the builders of this property. Mr. Dawson's health is such that his physician has advised him to spend his winters in the South, and for that reason he offers his home for sale at less than cost, \$6,500.

RIPPLES FROM THE RIPLEY BEE.

Neal Hubbard, the Maysville piano artist, delighted the audiences at the New York Theater several nights last week by his picture piano-playing.

The announcement of the engagement of Mr. Harry Drake, of Ripley, and Miss Mattie Barker, of Augusta, Ky., has been made, and the wedding is to be in June.

Charles Swisher, of Cincinnati, and Walter Swisher, of Maysville, Ky., were guests last Thursday of their parents, Mr. and Mrs. Val Swisher, it being their mother's eightieth birthday. She received some beautiful flowers and a shower of post cards. They are probably the oldest married couple in town, Mr. Swisher being 84 in October.

Snake Signs Point To Cold Spring.

Gil Johns, an Eagle Creek farmer, told the Bee man that while plowing last week he turned over a big black snake's nest of eggs, containing twenty-eight eggs. Gil says this is a reliable sign of a late spring and continued cool weather, otherwise the young snakes would have been hatched out and been playing in the sun.

ANDERSON HORSES TO FEATURE AT PHILADELPHIA HORSE SHOW THIS WEEK.

The Philadelphia Times, in writing of the big "Indoor Horse Show," which opened in that city Thursday, says there is every indication of the great success of the meet.

There is hardly a stable of consequence in and about Philadelphia in which busy preparation has not been going on for some weeks, and there is not a lover of the horse in the social circles of the city who is not looking forward to the opening event on two o'clock Thursday with keenest interest.

One of the most interesting events of the past few days was the news received from Kentucky that A. W. Atkinson has purchased two of the finest horses in the Blue Grass state, from Mr. L. T. Anderson, of Point au View Stock Farm, at the record price of \$5,000, and they will be exhibited at this week's show.

Included among those who will judge the events are Mr. Langhorne Tabb Anderson, of Point au View Farm, Maysville, Ky., who will pass judgment on saddle horses, saddle ponies and polo ponies. Mr. Anderson is an authority of the Blue Grass state, for many years famous as the home of the American saddle horse.

Mr. Reginald C. Vanderbilt and Mr. E. S. J. McVickar, both of New York, acknowledged authorities on the qualification of heavy harness horses, will judge horses in harness. In order to lend their presence to the occasion both Mr. Vanderbilt and Mr. McVickar cancelled previous engagements. Mr. Vanderbilt, who owns Sandy Point Farm, at Newport, is one of the most successful breeders of the hackney harness horses in this country.

Mr. Joseph E. Widener will pass upon all large ponies in the harness and breeding class.

SPORT LETTER

Cincinnati, April 21.

Those fans who declined to admit after the opening game that the Reds were not as good as they were doped out after their return from the south, may spring the old "I-told-you-so" gag. That initial contest did not represent the true form of Herzog's men; and while they have met with several defeats since that time, it is plain that the team is up to advance notices, and that the good showing made by the new line up in the preliminary contests was not a fluke. If there is one fault to be found with the Reds in their present performances, it is that they are just a trifle reckless with their base running.

To date they have not gotten away with 50 per cent of their efforts to steal bases, this figure representing a fair effort. However, Manager Herzog must be commended for not keeping his men glued to the sacks, and it is reasonable to suppose that a happy medium will be struck soon by which the full speed of the team on the base lines is realized, without wasting too many real opportunities in efforts to run up a big base stealing record.

Manager Herzog's wisdom in selecting players with experience as the real foundations for his team this year has been demonstrated in the results so far. With the veteran Tommy Leach in center to sort of supervise the work of the youngsters on either side of him, the Reds' outfield is one of the speediest, as well as most intelligent in the business.

Jess Willard wants to go home! The big fellow who so calmly sent Jack Johnson to dreamland, is already tiring of the adulation and homage of the big crowds in the east, and is pining to get out where Mrs. Willard and the Willard kiddies are awaiting the return of the triumphant papa. All of which makes it appear as though Willard would be a somewhat different champion in that he allows his domestic ties to take precedence over his "social" obligations. And this tendency on his part probably

will keep him longer in the championship than were some of the "good fellows" who preceded him.

It sounds rather paradoxical, yet it is true that there is a movement on foot among local business men to present Young Denny, a prize fighter, with a medal in recognition of his gentleness in a recent pugilistic battle here. It seems that Denny had his opponent all but out, and that he could have put him into slumberland with just one more hard punch. Denny, however, figures that to do this would be indulging in the kind of brutality which the better class of fight fans want to see eliminated from the sport; so he simply fiddled about until the round was over, thereby losing the credit for a knock-out, but reaping much great credit for his humanity and forbearance. Verily, there's a new deal on in Pistiana.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound. To me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
